Gallery Rifle ID (GRID): This is a unique index number that allows us to match up your scores from the CSR Imperial and other events, including the CSR Winter League and Action Weekends. Your GRID is listed on your membership profile and on our online booking website: online.nra.org.uk/customer/info

Classifications: Each match in the Imperial Programme has its own Classification boundaries (see CSR Handbook). Within each firearm class shooters will be divided into classification groups based on the highest score they achieved in the three years prior to the current Meeting. New shooters to the CSR Imperial will be placed in the lowest class

Courses of Fire: Conditions and courses of fire are listed in the CSR Handbook which can be found [online](#) and in a FREE paperback book available from NRA Reception

Firing Positions: Prone, sitting, kneeling and standing. Para A3.2.22 of the CSR Handbook: A firer who has a physical disability (temporary or permanent) which prevents the use of a position specified in the match conditions may assume the next most difficult position instead. The CRO, RO and the MD must be informed before the start of the match. The following substitutions are among those permitted:

- The sitting position instead of the prone position
- The kneeling position instead of the sitting position
- The standing position instead of the kneeling position
- The kneeling unsupported position (either on two knees or on one knee without resting the elbow on the knee) instead of the standing position

Muzzle Energy: Ranges at Bisley use the Danger Area of Pirbright Range, which under MoD requirements state that all firearms used must either have a muzzle energy under 4,500 Joules (3,319 ft lbs), or else be zeroed at 200 yards or on the Bisley Zero Range prior to being used at a longer distance. If your ME exceeds the limit then you must zero your rifle, using the specially designed target, the day before the start of your particular Meeting

Squadding: Once entries have closed, everyone will be 'squadded' for each match into a specific group that will rotate between firing the competitions and operating Targetry in the Butts – **please note that marking for your fellow competitors is a term of entry.** If you are physically unable to operate targets, there will be additional competitors available to assist. Once entries to the event have closed, you will be emailed a copy of the squadding

Special Squadding Requests: You will be squadded randomly, with the exception of those supervising junior shooters, those new to CSR, or those sharing firearms. If you wish to request special squadding, please make a note on your entry; for those travelling together in the same vehicle, we will endeavour to have you both at least in the same detail. We do not prioritize squadding by club and require a full name and grid of the person.

Range Officers & Butts Officers: Individuals who take on these roles will have their entry fee credited back to them after the event; this does not apply to Wing officers' roles

Results: Results will be input on the day of the Competition and will be available online: www.nra.org.uk/liveresults

Challenging Results: It is the competitor's responsibility on the day of the competition to ensure that the Wing Officer records their scores correctly. Any challenges of this nature must be made immediately on the day. Following the publishing of scores online, competitors have until midday the following day to contact the NRA for errors relating to the digitising of the hand-recorded scores. Please email competitions@nra.org.uk with any challenges

Firearms Usage: The NRA is required to keep a record of firearms used by competitors as required by the Firearms (Amendment) Acts 1997. Following a Competition please go to your online profile and update your firearms usage: online.nra.org.uk/customer/firearmusages
